Hopedale Nurseries

J. W. GRIESEMER, Prop.

HOPEDALE, ILLINOIS

Members American Association of Nurserymen, Illinois State Nurserymen Association, Illinois Horticulture Society, National Propagators Association and several other Societies along Horticulture lines.

Hopedale is 26 miles Southeast of Peoria, 26 miles West of Bloomington, on Route No. 122, which is promised to be finished by Fall. 2½ miles West of Mindale on I. T. S. On Kansas City Branch of C. & A. Railroad.

Descriptive Catalogue is still the old one. The prices in it not valid now. Descriptions and Information are as valuable as ever. FREE, if wanted. Forty-eight pages.

REFERENCE: We are not new in this business. Started it in 1894. This is our 35th. year. Ask Hopedale National Bank, or any business man of Hopedale about us. Also either Dunn or Bradstreet Commercial Agencies—Peoria Branch—to learn whether we are reliable and responsible. Many of your neighbors can tell you how we treat them. We are not afraid of being investigated.

GUARANTEE

We guarantee all stock to arrive to customers in good condition and to be of the true sort. Should it prove otherwise, we will refund purchase price, or send other stock at option of customer, PROVIDING customer reports a shortage or other claims at once, giving details. NO CLAIM CAN BE CONSIDERED, UNLESS REPORTED AT ONCE.

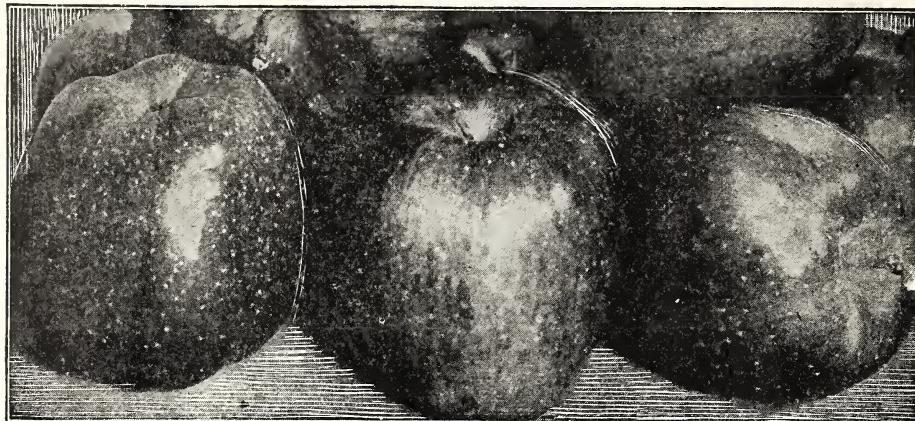

It is mutually agreed that we are not responsible for any greater amount.

Both our National and State Associations are expelling Members who are not square with their customer. This is your protection. You are safe to secure stock from Members of the Associations.

Our 35 years of experience with stock and conditions in Central Illinois is surely worth your consideration. We are at your service.

J. W. Griesemer, Prop.

Fruit Department

We make an especial effort to propagate our fruits off the best trees we know of. Such as we buy from other Nurseries, we get only from reliable Nurseries.

Our fruit trees are listed both by caliper and by height. The caliper is correct, the height is estimated, and varies.

Ornamental Department

In no other way can you add value, comfort and pleasure to your home so cheaply as by properly planting it with Trees, Shrubs, Evergreens, Vines and Perennials. No matter how humble or how modern your home is, to properly plant it adds very much to its comfort, your pleasure in living there and its selling value. Real Estate men and subdivision men have learned this. More than 75 per-cent of our \$20,000 annual turnover is ornamentals, and the proportion is getting heavier each season.

If you don't feel able to hire an expensive Landscape man, get someone to help you plan it out and plant to a definite plan. Everyone can break the awful bareness of their naked home.

Besides the comfort, health and added value

to your home, it has much to do with making your homes more attractive to your children. It helps to keep them at home, away from the cities, where altogether too many of them are drifting. DO IT NOW. Don't wait till they get dissatisfied with home. It is hard to correct this impression when once formed. Of course Music, the Radio, Telephones and many other home comforts and pleasures help, too.

Under the several headings, under this department you will find plants, vines and perennials to fit all locations. We will be glad to help you outside of the regular packing seasons, when we are too busy to do it. It takes time to do it right. MAKE YOUR HOUSE A REAL HOME. You will never regret it. DO IT NOW.

Ornamental Trees

These are packed FREE, UP TO 3 IN. IN DIAMETER. Trees over 3 inches are loaded on cars, trucks or hayracks. Baling large trees to travel safely by freight is quite expensive. If you wish them packed so, ask for packed prices and state what else is to go with them. It lessens packing cost to pack smaller stock with it.

We supply many sorts and grades not listed. Ask for quotations on your wants.

Many other sorts are used in various places. Name your place and the environments, what you wish to accomplish by the Hedge and we will help you all we can by suggesting items suitable for the place.

ROSES

HYBRID PERPETUAL—This class is hardy in our climate, blooms all Summer more or less constantly. Some very Free, others very beautiful, but less free bloomers. Each 80c; 10 for \$7.50. We can supply 1 yr. plants in most sorts of these at 60c; 10 for \$5.00.

SORTS—Frau Karl Drushck (White), General Jacqueminot (Red), General Washington (Bright Red), Madam Masson (Bright Red), Madam Wood (Rose), Paul Neyron (Pink). Others supplied on early orders.

HYBRID TEA—These are profuse bloomers all Summer, except, perhaps through the hottest weather, when buds are sometimes burned. Not so hardy as the above and always kill back. If not killed, should be cut back to a few inches of the ground to induce growth of new wood, as bloom always comes from new growth. Better for Winter protection. Plants are smaller than 2 yr. of H. P., 2 yr. No. 1 stock \$1.00 each; 10 for \$8.00; 1 yr. at 65c.

SORTS—Etoile de Lyons (Yellow), Gruss an Teplitz (Red), Kaiserine A. V. (White), La France (Pink). A few of others in stock.

SPECIAL NEW SORTS—Columbia and Los Angeles—both a very distinct and striking Pink, 2 yr. No. 1 each \$1.25; 10 at \$1.10 each.

CLIMBERS—This class is perfectly hardy, but blooms only once a year. Each 50c; 10 for \$4.50.

SORTS—Baltimore Belle (White, or Flesh), Crimson Rambler, Dr. Van Fleet (Pink), Dorothy Perkins (Pink), Excelsia (Crimson), Setigera or "Illinois Rose" (Single Pink), Flower of Fairfield (Dark Pink), blooms some thru Summer.

In all three of the above families of Roses, we can do young plants from 2 1/4 in. pots, each with earth on roots at 15c each; 2 for 25c; 100 for \$12.00.

Most H. T. and some sorts in H. P. will produce a wealth of bloom the first season. Must have garden care at least first year. These arrive from growers about May 1st. Order by April, 15th, please.

WICHURIAN, or Jap. Rose—Splendid field plants, very pretty leaves, often used as Shrubs. 3 Yr. Heavy at 65c each; 10 for \$6.00; 2 Yr. No. 1 at 50c each; 10 for \$4.50. Light at 25c each; 10 for \$2.00.

HARDY BULBS

PLANT IN THE FALL—This includes Tulips, Narcissus, Crocus, Hyacinths and Hardy Lilies. Prices are not fixed on these. In their season we carry a good stock of them. Ask for prices in September-October.

Lilies may be planted in Spring. See Perennials.

PERENNIALS

Our stock is very varied and complete. By planting hardy Perennials, you don't need to plant every year. They come year after year, if given the right location. By proper selection, constant flowers may be had from early in the Season, till heavy frosts. Another advantage is that they "STAY PUT", if you give them the required environments. It is worth a lot to flower lovers to be able to pick a bouquet any time thruout the Season. They fit into so many places where neither trees, shrubs nor vines will do. Try them. You will be delighted for the small outlay of time, space and money. PLANT PERENNIALS.

If interested in WILD PLANTS, ask for our List of Choice Wild Plants. It is very complete for ALL WILD PLANTS. It lists about 300 different items in them. We sell over a million a year of these. Very popular now among the very best people. Shall we send our Wild Plant List to you?

Spraying Material

The best is far the cheapest in these. Labor of applying is the most expensive item. Don't risk cheap or unknown material. We handle standard brands, only. Our business in spray material is growing yearly.

SCALECIDE—The complete dormant spray. More and more people are using this each year. Nearly all Lime Sulphur users have turned to Scalecide and many unsuccessful oil users are returning to its use.

If you are not familiar with its merits, we will gladly send "The Truth About Spraying Costs", the '29 Scalecide booklet and other booklets, on request.

Use one Gallon Scalecide to fifteen Gallons water. USE FOR DORMANT SPRAY ONLY. Not safe for Summer Spray.

50 gallon steel drum (Drum included) \$38.00
15 gallon steel drum 13.50
(\$2.00 allowed on return of drum in good shape, leaving 15 Gal. for \$11.50 Net).

10 gallon can 10.60
10 gallon out of barrel here, your container 10.25
5 gallon cans 6.25
5 gallons from barrel here, your container 5.25
1 gallon can 1.50
1 gallon from barrel here, your container 1.25

SULFOCID—Be sure to mix according to directions, or it may "scald" the leaves. If not familiar with its merits, we will gladly send "The Truth About Spraying Costs", the '29 spray booklet and other booklets on request. Dilute 1 Gal. to 200 gallons water. \$2.50 per Gallon. Very thoro and effective against mould and other fungus trouble. For Summer spray only. Not for scale insects.

LIME SULPHUR—solution (Grasselli).

50 gallon barrels f. o. b. St. Louis 17c per gallon (\$2.00 for barrel returnable at same price).

We will carry none of this in stock this year, but order barrel lots directly from St Louis to you.

DRY LIME SULPHUR (Grasselli).
